Dear members of the Commission,

As a small business owner I am dismayed to hear that APS is filing, yet again, for an increase on our basic monthly services. I am asking for you to please do not allow this to happen.

While being someone who works to increase the efficiency of my business and works to reduce my energy consumption, it appears that through this request my efforts will not be rewarded.

Those who work hard to reduce their energy consumption should have the ability to receive a reduction in their monthly bills.

I urge you to vote in favor of a direction that promotes more efficiency rather than one that takes away from those efforts.

Best,

Colleen Schorr
